Coronavirus: Minimize the risks!

Basically:

- Wash your hands regularly and thoroughly with soap and water.
- Cough or sneeze in the crook of your arm, covering your mouth and nose.
- Keep a distance of at least 1,5 - 2 meters from other people.

Key questions if you are concerned about infection:

1. Does the person have flu-like symptoms such as fever, cough, shortness of breath due to infection?

   - „NO“ for all questions ---→ Continue to adhere to the basic rules of conduct.

2. Has the person been in contact with a coronavirus patient within the past 14 days?

   - Answer „YES“ for question 1 and/or 2 ---→ Keep your distance and recommend that the person obtains a medical assessment.
